Gentlemen:

In response to the requests that you made this morning in our meeting to review the photographs, I contacted Det. Church. He has agreed to take the negatives of the photographs that you have reviewed to Carolina Camera, on West Friendly near Spring Garden Street. Two copies will be made and each of you can pick up your copy and make arrangements to pay the business.

At your request I inquired and was told that the photographs you review represent the photos from the Guilford County Sheriff's Department and the Guilford County Fire Dept. The photographs made by the A.T.F. and State Bureau of Investigation have not been delivered to my office. As soon as those photos are available, I will notify you.

Sincerely,

Richard E. Panosh,
Assistant District Attorney
