Re: Ronnie Lee Kimble

Dear Major Montgomery:

Included herewith is a filed copy of a court order entered by Judge William Freeman on the 16th day of March, 1998 directing the Sheriff's Department of Guilford County to provide Ronnie Lee Kimble, his attorneys, David Lloyd and myself, and his duly appointed investigator, Mike Ingold, with records and information of the cells and/or locations in which Ronnie Lee Kimble has been house during his incarceration and the identities of all other inmates with whom Ronnie Lee Kimble may have come in contact. We would also appreciate information regarding who the custodial officers were assigned to those floors at those times.

As David Lloyd and I told you when we saw you in the lobby of the Sheriff's Department, we are very grateful for your cooperation in providing us with this information. We know you are very busy and we do not wish to put additional pressure on you or your staff but we would appreciate it if we could have these documents within the next couple of weeks.

Thank you for your assistance in this matter.

Very truly yours,

John B. Hatfield, Jr.
