On 4-2-97, Patrick Pardee (still under Miranda) and myself went to Kirks Sineaths on Patton Ave. to look over some property stored in a Mateer trailer which was seized pursuant to a search warrant. We walked through the trailer starting from the rear and Patrick told me what he knew about these items.

1) A sink, washer, stove and microwave.

Patrick said these items were recent. They came in a couple of weeks ago. He doesn't know where they came from.

2) A big glass door with glass windows on either side.

Patrick advised this door may have come from the house on Hwy 62 near Groomtown Rd. Patrick, Robert and Ted took items from this house. He is not sure if this particular door came from this house or not.

Came from a house off Westridge and Brian Boulevard. He, Ted and Robert were at this house.
